

73rd Annual Report 1965

CITY OF RUTLAND

In The Heart of Vermont's Green Mountains

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation under God,
indivisible, with liberty and justice
for all.*

The Government Clearing House
of the
UNIVERSITY OF VERMONT & STATE AGRICULTURAL COLLEGE

presents this

73rd Annual Report

FISCAL YEAR

JULY 1, 1964 to JUNE 30, 1965

CITY OF

RUTLAND, VERMONT

MODERN STYLE INCINERATOR

Above is shown the new modern incinerator recently installed at the Rutland City Dump.

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for co-operation given it and again to urge citizens to attend the bi-monthly Council Meetings.

TABLE OF CONTENTS

Foreword.....	3
Administration.....	8
Airport Commission.....	76

*Excerpts From History**(Taken From History of Rutland, Courtesy Rutland Herald)*

Rutland is a crossroads community of nearly 20 thousand about in the center of a wedge-shaped section of land known as Vermont. The Indians used it as their hunting ground. Champlain first claimed the region for France when he sailed south in July 1609 on the lake that bears his name.

Rutland as a named community dates from September 7, 1761 when Benning Wentworth, Royal Governor of New Hampshire, signed its charter in the name of King George III.

The town by 1774 had a population of 35 families which included Zebulon Meade, brother of James. Captain John Smith was elected first town clerk.

The earliest sidewalks were wooden planks laid on trestles well above the mud. There may have been stepping stones to help the fastidious dry shod over the worst spots but not until the quarries were open in West Rutland would the marble slabs replace the wooden planks which the new selectmen warned, "No person shall drive or ride a horse or other beast upon except to cross; penalty 50 cents."

In 1840, the decade before the railroads came, the census reported a population of 2,708. In the town were 16 schools and 963 scholars. There were 475 horses, 2,518 cattle, 28,332 sheep, 1,017 swine. Wheat production was 3,708 bushels, barley 8, oats 15,722, rye 2,199, buckwheat 915, Indian corn 19,347, potatoes 48,193 bushels, hay 10,025 tons, sugar 51,833 pounds and wool 69,902 pounds.

The era of franchise rivalries for railroads began in earnest in 1845. In quick succession charters were granted to run a railroad from Rutland to Bennington; then from Rutland to Whitehall and later from Rutland to Burlington. Enthusiastic farmers, mechanics, business and professional men subscribed \$130,000 in stock to finance the road from Rutland to Bellows Falls. Business as one man expressed it, "began to slide down the hill" as more and more store owners saw the value of a location near the tracks.

The Bank of Rutland (now the Community House) was the town's first bank.

Rutland is said to have the oldest municipally supported band. It was first sponsored by the new city in 1879 and has been in continuous existence ever since. Many members have given long and loyal service to the band. The late J. C. Cox is a notable example. He joined in 1899 as a young man, played until 1928 when he was elected director, and directed until 1950 when he was past 80. The present manager and treasurer Raymond Hughes, has been with the band since 1910, and the director, Napoleon Ianni, has been with the band more than 45 years.

- to June 30
- June 1 **Last day for Mayor to submit annual budget** to the Board of Aldermen.
- June 20 **Last day for payment of poll and old age assistance tax** without penalty.
- June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

Mayor's Message

To the Citizens of Rutland:

At this time I would be remiss if I did not express my deep and humble gratitude to the people of my city for the overwhelming vote of confidence at the March election.

Prior to election I reminded our citizens of the great need to get Rutland moving again. In the short four months of this administration it has not been possible to see the fruition of everything that we hope to accomplish. However, I am pleased that many progressive and essential inroads are being made.

I shall continue to treat the office of Mayor as a full time endeavor because accomplishment can only be the result of constant attention to the matters at hand.

My position as Mayor is to offer the leadership; my community can assist me by taking an active and concrete interest in the affairs of our city. I was optimistic at the beginning of my term of office and this optimism has been stimulated and strengthened by the many offers of assistance from many good citizens.

I therefore shall continue to enlist the aid of the people of Rutland as we join together in our common desire to make this city a leader in our great state and a model of municipal efficiency and progress.

At this time I am pleased to report that many civic improvements are under way. By the time this city report reaches our people, a majority of them will be virtually a reality.

The following projects are now underway:

(1) River Street Bridge:

A thorough study and survey of this ancient structure has been completed. We are now attempting to determine which of the alternatives shall be implemented, namely, to erect a new more attractive and less dangerous bridge, or to replace the existing structure by a grade crossing. Action upon this matter will be taken as soon as the most feasible plan is approved.

(2) Temple Crossing:

The City Engineer, Vermont State Engineers and other interested parties have completed the study of this project. Reconstruction work is now underway and soon we will have eliminated a dangerous traffic hazard.

(3) Pumping Station:

The contract has been awarded to Earle and Merry Co. for the Sewage Disposal Project "Contract 3, Project No. W.P.C.—Vt.—'36'." This pumping station will eliminate dumping of city sewage into East Creek. Work is to commence immediately.

(4) Municipal Incinerator:

The city of Rutland took a major step forward recently with the purchase of a new incinerator for the city dump. Total cost of this purchase was \$20,693.00, although the appropriation for this much needed improvement was \$22,700.00. We thus realized a saving of \$2,007.00. At this writing work is underway and we expect that this incinerator will be in complete operation in September.

In addition it was necessary to purchase a front-end loader, a necessary piece of equipment for most effective use at the incinerator site.

Again the purchase price was much less than the total appropriation. The city paid \$4,500.00 for the loader, although \$6,000.00 was reserved for this expense. We saved \$1,500.00 on this item and a total of \$3,507.00 on the two purchases.

In recent weeks your Mayor appointed a City Planning Commission which will work with me to discuss and implement other necessary civic improvements. This committee, which will serve without compensation, is dedicated to the task of helping to develop more fully our beautiful city.

The Commission includes Alfred J. Beauchamp, chairman, J. Walter Herlihy, Attorney John Hansen, Ralph J. Bugbee, Wayne M. Edson and Payson R. Webber; also, the Aldermanic Committee on Planning, Howard W. Douglas, chairman, Richard Burke and Arthur E. Crowley, Sr.

I am deeply indebted to these individuals and know that their work will be constructive, valuable and will meet with hearty approval by our citizens.

In the complex structure of our municipal government many other improvements are under study. We are hopeful to offer a more systematic and better developed traffic pattern in our city with emphasis upon the downtown shopping areas. We are studying the possibility of North Main Street becoming a four-lane highway, as it was originally planned. Being the main thoroughfare, we are anxious to improve the flow of vehicles along this heavily traveled artery.

Rutland, like much of the nation, faced a critical water problem this past summer. Reluctantly, I ordered a partial and later a complete ban on the use of water for lawns, gardens and swimming pools.

It is my opinion that before another year we must approach a solution to the drastic water shortage, and consider further means of averting it. We are now looking into the feasibility of running water pipes from the Pen-stock at Glen Dam. In the event of a serious water shortage or other emergency we would be able to cope with the problem.

The Pine Hill Development plan, placed before me and the Board of Aldermen, is also being discussed, but no specific action has been taken.

Last April in the special election we allowed the voters the second opportunity to appropriate necessary funds for additional street repairs, storm sewers and sidewalks. Unfortunately, these requests were refused. I assure the citizens that we cannot afford to let these necessities fall into disrepair. Sooner or later these things must be done and I urge all our people to give them serious and intelligent fore-thought before our next city election.

I enjoy being the 26th Mayor of Rutland. I encourage your advice, and I appreciate the extreme good-will of all the people.

I would like to express my appreciation to all loyal City officials who were extremely helpful during the transition period when my administration took office.

Respectfully,

HAROLD J. NICHOLS,
Mayor.

BUDGET 1965-1966

LETTER OF TRANSMITTAL

June 7, 1965

*Honorable Board of Aldermen,
Rutland City, Vermont*

Gentlemen:

In accordance with the requirements of Section 83 of the City Charter, I submit estimates of the various departments for fiscal year July 1, 1965, to and including June 30, 1966.

The total is \$2,894,540.55 or \$146,289.07 in excess of 1964-1965 fiscal.

As you know, the total amount of the budget will be reduced by the surplus we have at the end of the fiscal year.

Although the cost of operating the City continues to rise, I do know that all department heads are doing everything possible to effect economy.

Respectfully submitted,

HAROLD J. NICHOLS,
Mayor.

PROPOSED BUDGET FISCAL YEAR 1965-1966

1965-1966 ESTIMATED REVENUES

The Board of School Commissioners meets the third Tuesday of each month, except July and August, in the Board Offices at the Longfellow School Building on Church Street at 7:30 P.M.

SUPERINTENDENT OF SCHOOLS*

Dr. William A. Atkins, Jr.

Office: Longfellow School; Residence: 79 Davis Street

Miss M. Doris Hastings, 13 High St., *Administrative Asst.*Mrs. Hazel M. Kibbey, Campbell Road, *Secretary to the Supt.*

The office of the Superintendent is open on school days from 8:30 to 12:00, and from 1:30 to 4:30. The Superintendent is available during these hours by appointment.

*Schools**To the Honorable City Council and the Citizens of Rutland:*

We are pleased to present the School Report for the fiscal year ending June 30, 1965. It consists of two parts,—the following narrative statement about the work of the schools, and financial and statistical reports found near the end of this booklet. Taken together, they form the complete School Report. We shall do our best, within the limitations of space and the requirements of the Law, to present a complete, though concise report of the Rutland Public Schools during the past year.

HEALTH EDUCATION AND SERVICES

In the field of School Health and Safety, our children and young people have had the benefit of:

The services of three School Nurses.

The services of a Dental Hygienist.

School Lunch Programs.

The special Federally-aided School Milk Program.

School Safety Patrols.

Policewomen at hazardous intersections (provided by the City Council and the Police Department).

Tuberculin Tests, Oral Polio Vaccine Clinics (Type II, third dose), Diphtheria-Tetanus Inoculation Clinics, and Smallpox Vaccinations.

Health Appraisals, and, when necessary, Physical Examinations.

Six Kindergarten and Havenwood Clinics sponsored by the respective P.T.A.'s.

Careful Vision and Hearing tests.

Competent First Aid, whenever and wherever needed.

A new Dental Health Program,—with the cooperation of the Vermont State Department of Health, Dental Health Division.

It would be difficult to overestimate the importance of these health services to the school success of our boys and girls.

In our health work we gratefully acknowledge the assistance of the City Health Officer, Dr. Charles D. Beale; Dr. Gordon B. Smith; Dr. William W. Brislin; Dr. A. H. Bellerose; Dr. J. Carleton Stickney; Dr. Thomas A. Keenan; Dr. George J. Ravit; Dr. Bernard J. Hubenet; Dr. William J. Powers; Dr. William A. O'Rourke; Dr. Emelie Perkins; Dr. Emmett L. Fagan, Jr.; and

For Outstanding Service

HOMER B. ASHLAND
Superintendent of Schools
February 5, 1948--June 30, 1965

Dr. Arthur D. Wolk. Also the assistance of the following organizations: The Vermont Association for the Blind; The Rutland Lions Club; the City Welfare Department; the Vermont Department of Social Welfare; the Vermont Association for the Crippled, Inc.; the Vermont Association for the Handicapped; the Home Demonstration Group; the Vermont Catholic Charities; all our local Parent-Teacher Associations; and particularly the Community Child Care Association, Inc. ■

INSTRUCTION AND RELATED SERVICES

Art work in the elementary grades, this year, was given with more emphasis than usual on painting, both in water color and powder paint; and with less emphasis on craft-like handwork. New emphasis also was placed on Art Appreciation. In the Junior and Senior high schools, Art Principles and the History of Art were given more time, and each student talented or otherwise was given a chance to carry out individual as well as specially assigned projects. Art Exhibits were numerous; and there was the continued fine cooperation between this Department and the community.

Music Instruction in the Public Schools has suffered somewhat this year chiefly because we are still trying to teach the steadily increasing number of children with the same teaching staff! In some cases it is possible for the teacher to visit any given class only once in two weeks. To the forty pupils studying instruments in the elementary schools at the beginning of the year were added thirty-one beginners,—making a total of seventy-one instrumentalists in two elementary school bands at the end of the year. In the Junior High, there were fifty-four instrumental players who met for rehearsals two and three times weekly **before** school. New blazers this year for the members of the Junior High School Band have given it a smart appearance. The Junior High Chorus numbered 80 voices, and met two and three times weekly, **before** school, alternating with the Band. In the Senior High, during the spring semester, a Music Theory class was organized for interested students, and met twice weekly **after** school. The class proved to be very successful.

This year we were fortunate in securing another Speech Therapist to carry on the program started in September, 1963. Of the 621 children screened, 99 received speech therapy during the year; 79 remaining on a waiting list. Thirteen who received therapy this year were dismissed from the program for satisfactory improvement; and 207 presently remain on the re-check list for next year. Since the present Therapist is marrying, as did the first one, we must once more search for a replacement. The program will continue to be handicapped until we can find someone who will stay with us longer than one year.

In the elementary schools this year more experimental work has been going on in the various curriculum areas. An additional teacher of Art in the elementary schools has improved that program,—particularly in the primary grades. A very successful mobile Library service was established in two schools in March, and made a part of the Reading program for Grades 4, 5, and 6. This service involved the use of rolling bookshelves abundantly stocked with excellent new books. The plan is to continue this until all schools are so equipped. An attempt has been made to tailor the Reading approach to the needs of the class instead of putting all our effort in one basic system. This has brought about heavy phonetic emphasis in some of the primary grades where the incidence of reading disability appeared to be high. Selected classrooms have used experimental Science units; and some work has been done to determine the effectiveness of programmed material in Social Studies and English Grammar. This year we have continued our contract service for the Family Life Foundation "School Unit"; and, because of improvements in the administration of the program and the high quality of the persons assigned, the work has been very satisfactory in the field of Mental Health for elementary school children.

The only reported item of interest for the Junior High School, this year, was that the Language Laboratory was increased in size to accommodate up to 30 pupils.

For the Senior High School, the following are items of special interest:

We have a new Advanced Placement program in English. Also, various levels of French instruction have been developed in French II which will be carried on into the third year and provide a basis for Advanced Placement in the senior year of French.

The addition of Welding instruction in the Trade Department was perhaps equal in importance,—especially so since so many boys were able to take advantage of it.

The following are new indications of the continuation of excellent work in our Senior High School:

Thirty-six of the sixty-nine Sophomores who took the National Educational Development Tests scored in the top 10% on a national basis. Of this number, twenty were in the top 2%, and of these, eight were in the top 1%.

In the National Merit Scholarship Testing Program, two Seniors became Finalists and two received Letters of Commendation for their high scores.

In the American Association of Teachers of French Annual Examination, First Prize in the State in French I was won by a Sophomore, Second Prize in French II by a Sophomore, First Prize in French III by a Junior and Second Prize in French IV by a Senior.

Numerous competitive Honorary Scholarships have been won by members of the Class of 1965. We believe that we shall have reason to be proud of the future accomplishments of these young men and women and of many others among their classmates.

The greatest honor to come to the High School directly was conferred by the American Association of Physics Teachers in selecting Rutland High School as one of the ten schools in the United States to be awarded its Certificate of Merit. The Certificate reads "For excellence in the teaching of Physics Rutland High School is chosen by the American Association of Physics Teachers as outstanding among the High Schools of the United States."

The Library now has 7,036 volumes,—a net gain of 473 volumes over last year. Total circulation is up again; with a very significant increase of almost 10% in nonfiction over last year. Another area showing a marked gain has been the greatly increased use of periodicals.

We can take more than ordinary pride in the "Shared Time" program in the Trade and Technical department of the High School. Recently the Vermont Catholic Tribune, with a circulation of over 30,000, devoted a half page to this program in Rutland. We were recognized as the starters of this type of program in Vermont. Since 1940 there has been the very best of cooperation between Mount St. Joseph Academy and the High School. The boys in this Department have sponsored activities, or completed projects, such as a hobby contest at the Junior High School and the completion of a three-year program of landscaping the Trade and Technical Annex with new shrubbery. Through the operation of the Manpower Development Training Act programs, we received many tools and machines for use in our day program. This, in turn, saves local taxpayer money from having to be used to purchase such equipment. Five hundred and forty-seven adults were enrolled in courses given at the Rutland Evening Trade and Technical School. Apprenticeship and Trade and Technical Extension courses enrolled 386 students. Special Technical courses had a total of 110 individuals. Manpower Training and Development programs had 51 members. Classes were held at the High School, at General Electric, at the

Graduation of a Class of Clerk-Typists.

Graduates of Nurses Aide (First of Three Groups).

Central Fire Station, and at the Rutland Hospital. The 547 adults who attended, came from 65 towns and the City of Rutland. Through this training some men have secured employment here and have moved their families into the City. This has been the best year since 1940 when the program started. The school operated five nights a week for most of the school year. Chiefly because of the accomplishments of this Department and the varied program offered our youth, the State Board of Education this year has designated Rutland High School as an Area Vocational Center. With the Federal and State governments as well as a number of surrounding towns bearing a considerable share of the expense, we can look forward to further development in this field. It is only fair to point out that the great advances made in this Department are due almost wholly to the efforts of the Director of Trade and Technical Education, Mr. Henry L. Doll.

In the field of Guidance Services there continues to be a significant increase in student-initiated counseling interviews with the result that this has been a very busy year for the Guidance staff. Attempts to wrestle with our limitations by using group techniques rather than the more time consuming individual approach has resulted in some criticism. In the Junior High an audio-visual unit has been developed concerning our Technical Drafting program and its possibilities for the individual student. This is the first of a series of such units which will be developed by our own staff for use in Guidance classes. The Report of the Director of Guidance shows that at least somewhat over 51% of the 1965 graduating class will continue in some form of education beyond high school.

For the fourth year we have had a very successful general Adult Education Program. Seventeen different adult courses were taught to 577 persons. Encouraged by very favorable public reaction the "World Knowledge Series"—a film-lecture program—was a notable success. The "General" Program together with the great variety of courses taught in the Evening Trade and Technical School mentioned earlier in this Report, provided a record total of 1,124 adults in this area with superior opportunities for Adult Education.

BIG REPAIR JOBS IN 1964-1965

By Our Own Maintenance Department:

- 1) Four new front doors and hardware installed at the Dana School.
- 2) The Kitchen enlarged, and a dishwasher installed, at the Longfellow School.
- 3) The east gutter on the roof of the new Gym was coated with cement and Fiberglass webbing.

Graduates of General Machine Operators (First of Two Sections).

Instruction on Vertical Milling Machine being given to a group of Maintenance Mechanic Trainees under MDTA.

- 4) Major repairs were done to the Stage front at the High School.
- 5) A new main electric distribution panel installed at the High School.

Through Contracted Services:

- 1) A new tile floor for the entire second floor at the Lincoln School.
- 2) All exterior trim painted at the High School and the Park Street School.
- 3) Major changes were made to the roof at the Northeast School,—particularly to the overhang.
- 4) A new fire resistant ceiling was installed in the Longfellow School Boiler Room.
- 5) A new hot water system was installed at the Longfellow School.

CONDITIONS OF THE SCHOOLS

The condition of all our school buildings is very good, due to the continued interest of, and annual inspection by, the members of the Building Committee of the School Board and the excellent work of our Maintenance Department.

NEEDS OF THE SCHOOLS

The following are some of the more important needs of our schools:

All Schools

- A continuous, yearlong program of public information about the accomplishments and needs of the schools. This is still by far our outstanding "need."
- A school physician to complete physical examinations in certain grades every year so that during his school years each child would have received at least three complete physical examinations.
- The establishment of a Committee to determine local priorities in submitting plans under Title III of the Federal Aid to Elementary and Secondary Education Act.
- A long-range roof maintenance system, to prevent roof breakdowns.

Elementary Schools

An extension of the Mobile Library Service to the remaining five elementary schools as soon as possible, so that this service can be made an integral part of the instructional program.

The establishment of an Instructional Materials Center for the elementary schools,—possibly a part of the elementary school Library program.

Further extensions of the newer Mathematics and Science programs.

Concentrated attention to curriculum improvement in the Social Studies.

A full-time elementary school Music teacher to assist the Elementary Music Supervisor.

Junior High School

Greater Library facilities to seat at least 10% of enrolled pupils, to meet State minimum standards.

At least three additional classrooms.

Better indoor Physical Education facilities.

An additional English teacher to meet State minimum standards.

An additional Guidance Counselor, to meet State standards.

A full-time teacher of Music, to assist the present teacher.

Senior High School

A larger Library to meet State minimum standards.

Additional Science Laboratory space including a greenhouse for Biology.

Additional and more flexible classroom space.

An additional full-time Guidance Counselor.

A work-study program for terminal students.

An Advisory Committee representing industry, unions, employment security, business, and the School Board, to offer specialized assistance in the Trade and Technical Department.

Both Secondary Schools

A Municipal Athletic Field; to relieve pressure on our present play field. It is simply impossible to keep this small field in proper condition for both Athletics and our Physical Education program.

The above-mentioned "needs" constitute the Superintendent's recommendations for the improvement of our schools, as required by Law.

SCHOOL BUDGET

Our Budget has been adopted by the School Board as provided for in our City Charter. However, according to Law, we are "presenting" the Budget elsewhere in this Report.

LONG RANGE PLANNING

Our first "School Building Survey," completed in late 1950, provided us with an authoritative guide for the progress of this School System since that time. It is no exaggeration to state that most of the progress made has come as a direct result of the help thus furnished our School Board. With the exception of a Municipal Athletic Field, and one or two other minor items, everything has been accomplished as outlined in the "Timetable of Recommendations."

After such a happy experience with our first long range plan, it was natural for us to seek the guidance of experts in this field in looking ahead to the next 10 to 15 years. This was done when the Board of School Commissioners engaged the firm of Engelhardt, Engelhardt & Leggett, Educational Consultants; who have made three separate studies, as follows:

- 1) "A Study of Administrative Organization and Procedures," completed, and received by the Board on May 3, 1965.
- 2) A "School Building Needs" Survey, completed and delivered to the Board on June 15, 1965.
- 3) "A Vocational Needs Survey"—a study being made for, and paid for jointly by, Rutland City, four town high schools, and two union high schools in this general area. It is expected that this will be completed about the middle of August, 1965.

It is important to remember that these studies are not intended to tell us **exactly** what to do. They have been prepared by experts in the field,—those who have made similar studies all over the country, to furnish **guidelines** for the future, and we are sure that they will do just that.

NEW SUPERINTENDENT

After a most careful search, and upon the retirement of the present Superintendent on July 1, 1965, Dr. William A. Atkins, Jr., will become our new Superintendent. He is presently Assistant Superintendent of Schools in Williamstown, Massachusetts. He is well qualified professionally and personally.

FOR OUTSTANDING SERVICE

Mr. George H. Sloan (1950-1965) Retired:
Assistant Principal and Head of the Science Department
in the Senior High School.

Mrs. Helen W. Sloan (1954-1965) Retired:
Instructor in Homemaking in the Senior High School.

IN MEMORIAM

Mr. Carlton W. Southgate (1936-1965) Died May 9, 1965
Chief of Maintenance and Operation.

Mr. Michael J. Johnston (1957-1965) Died April 9, 1965
Attendance Officer.

In closing we wish to thank our teachers sincerely for their professional skill and devotion to duty, and the citizens of Rutland for their continued support. We believe that we can take justifiable pride in our schools.

Respectfully submitted,

ALBERT F. DAVIS, *President,*
Board of School Commissioners.

HOMER B. ASHLAND,
Superintendent of Schools.

Rutland Free Library

Rutland, Vermont
August 9, 1965

To the Honorable City Council and Citizens of Rutland:

As president of the Rutland Free Library Association, Inc., I am happy to present the annual reports of the librarian and treasurer.

During the year the library has extended the scope of its service to the community. In addition, the trustees and staff have devoted much time and thought to planning our new addition which will provide even greater service in the years ahead. This addition was initiated by a generous gift from Mr. Edwin Lawrence, and will be supplemented by a federal grant and funds from the library association. Construction will commence shortly with occupancy scheduled after the first of the year.

The trustees are fortunate to have enjoyed the finest co-operation and consideration from the Library Staff, Mayors John J. Daley and Harold Nichols, the Honorable Board of Aldermen, and the Citizens of Rutland. This continuing support will provide, with the new addition, unexcelled library service in the future.

Respectfully submitted,

MARTIN FREEMAN, *President,*
Rutland Free Library Association, Inc

Report Of The Librarian

For the Year Ending June 30, 1965

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my second annual report as Director of the Rutland Free Library. The past year was a busy one characterized by many activities, outstanding among which were preparations for the upcoming new addition to the building, anticipation of which seemed to be the dominant aspect in the library's atmosphere.

As most citizens are aware, the generosity of Mr. Edwin W. Lawrence, who contributed a sizeable amount toward the cost of the building project, provided the impetus to begin plans for an addition, which has been needed for a number of years. Money from the Library Association's trust funds and a matching grant from the Federal Government add to this gift the amount necessary to complete the project.

The expansion, on the east side of the present building, will include 42-foot wings added to the children's room and to the reference and reading room. In between these two symmetrical wings will be additional stack space, nearly doubling the capacity of the present stacks, and needed office space. Architectural plans will make for an aesthetically pleasing arrangement of the expansion as a whole. The basement space will provide for expansion needs of a longer term, in addition to this.

Book Collection

Good library service is heavily dependent upon its book collection and its staff. A library's book collection consists in part of materials which currently are popular, and in part of works which will be consulted and used over a much longer period. Some of the fiction, much of the non-fiction, and the reference collection as a whole are in the latter category. Good book selection involves giving appropriate emphasis to each of these areas, so that a desirable balance of the two will be achieved.

In the reference area we endeavored during the past year further to strengthen the library's collection by adding new titles in a broad range of subject fields. Illustrative of these new works are the Concise Dictionary of American Biography, Simpson's Contemporary Quotations and Copperud's Dictionary of Usage and Style, Bolton's American Armory, the Larousse Encyclopedia of Renaissance and Baroque Art, the Foundation Directory, Encyclopedia of Witchcraft and Demonology, American War

Medals and Decorations, and the New Book of Jewish Knowledge. The Library of Modern Social Science, the Official Encyclopedia of Bridge, Barron's Profiles of American Colleges, and the Reader's Encyclopedia of Modern Drama are among other new titles which illustrate library purchases in various reference areas aside from the updating of standard works of reference.

Children's Department and Library Staff

"Fun and Festival Around the World" was the theme of the Children's Film program this past year which continues, under the supervision of Mrs. Barbara Douglas, Children's Librarian, to be a very popular feature of the library, as does the summer program of films and story hours conducted by Mrs. Elizabeth Taylor. Mrs. Douglas, in addition to her other duties, served on the Dorothy Canfield Fisher Children's Book Award Committee and on the Rutland Town School Library Evaluation Committee.

Miss Mary Isbell, cataloger and reference librarian, also served as consultant at a state sponsored workshop on cataloging held for town librarians in the area. Mrs. Frances Carroll again attended a three week summer school on public library techniques at the University of New Hampshire.

Miss Vivian Hewitt and Mrs. Carolyn Sharp continued to play their important roles in service to the public. Mrs. R. Gale Spaulding's excellent work of book mending and repairing extends the useful life of many of the library's volumes. The performance of summer assistants Lindell Abbott and John Hamilton, and the year round contributions of the pages and of janitor George Myers are worthy of mention as well. Miss Irene Francis and Miss Josephine Rosmus perform responsible services in the areas of bookkeeping and financial matters.

Circulation

A good library staff and good collection of library materials, including books, pamphlets, magazines, records, and films, combined with a reading conscious public, make for high circulation. Rutland has this, with a per capita circulation figure of approximately nine, which is high.

A live book collection involves constant weeding of worn and outdated materials as well as the addition of new and fresh ones. During the past year we weeded systematically through most of the adult fiction sections, through the first several Dewey Decimal System divisions of the non-fiction, and the pamphlet file. Some of the weeded books contributed to a successful book sale which was held during the latter part of the summer. Rearrangement of other pertinent materials was done to improve the "teens' corner" area of the library.

In the area of maintenance were a new roof and downspouts for the library. Library activities once again were given good publicity throughout the year by the Rutland Daily Herald and by radio stations WSYB and WHWB. Numerous colorful and interesting displays were arranged through the efforts of Mrs. George R. Jackson.

Cash gifts were received from the Zonta Club and from Friends in Council. The library also received a number of gift books from its friends.

Board of Trustees

Very often unsung are the individuals who make up a library's Board of Trustees, who contribute generously their abilities, time, and energy to furthering the progress of a library situation along with interpreting the library to the community. The City of Rutland and its library are fortunate to have as library board members the following persons: Martin D. Freeman, President; Robinson E. Keyes, Vice President and Chairman of the Building Committee; Mrs. Stetson C. Edmunds, Secretary; George B. Forbes, Treasurer; Dr. John R. Williams, Finance Committee Chairman; Mrs. Loring R. Stinson, Jr.; Mrs. Henry L. Pratt; Mrs. Robert A. Hackett; Mrs. Robert S. Franzoni; Mr. Peter Goshgarian; Mrs. George H. Larson; Mr. Robert E. Schill; and Mrs. Earle S. Fox, who succeeded Mrs. Emerson A. Peake as Rutland Town representative during the year.

The Director spoke to a number of community groups during the year about library activities and future plans. He was a member of the Rutland Local Planning Committee of the American Nurses Foundation, for which professional group the library is maintaining a special shelf of materials for seminar uses. He served also on the New England Library Association's Regional Planning Committee.

I want to express my thanks for the cooperation and help which I have received during the past year from the library staff, the Library Board of Trustees, and officials of the City of Rutland. The coming year will be one of an important building addition and improvements to Rutland's library facilities, with beneficial effects an assured concomitant in the years ahead.

Respectfully submitted,

CHARLES D. MAURER, JR.,
Director of the Rutland Free Library.

Sewage Disposal Plant

August 9, 1965

*To the Mayor and City Council,
Rutland, Vermont:*

Gentlemen:

I hereby submit to you the annual report of the Water Pollution Control Plant.

We have completed our second year of operation. During this year the plant operated without any major trouble, in other words the plant operated every day during the year.

A total of 1,162,351,000 gallons of sewage and storm water was processed.

We removed over 175 cubic yards of grit.

We are still troubled with materials washed into our system, because of the need for storm sewers, some of the equipment at the plant is beginning to show some wear on account of this condition.

May I at this time express my thanks to Mayor Harold J. Nichols, the Disposal Plant Committee and other City officials for their cooperation.

To the employees of this department who have worked so faithfully during this past year may I express to them my sincere thanks.

Respectfully submitted,

JOHN R. CARRIGAN,
Superintendent.

Public Works Department

To the Mayor and City Council:
Rutland, Vermont.

Gentlemen:

I hereby submit the annual report for the year 1964-1965.

Street Department

This department functioned efficiently with reduced personnel. A large number of streets were re-shaped, graded and a tack coat of tar or asphalt applied. A total of 32,195 gallons of asphalt; 166 tons of sand; 199 tons of "A" stone; 1,343 tons of pea stone and 819 tons of grits were used.

We constructed 628½ feet of curbs and 415 square feet of sidewalks. Other sidewalks and curbs were repaired; holes were patched and a great many small jobs completed.

Guardrails throughout the city were repaired, or replaced, and repainted; old street signs were replaced with new Scotchlite signs.

A great many trees were removed in addition to 51 trees which were affected by Dutch Elm disease.

Equipment purchased included a Ford 4 door sedan; two second hand pickup trucks; one hand asphalt roller; one transmission jack and one gas forge.

Sanitation and Waste Removal (Sewers)

Sewer main extensions were made on the following streets:

Central Avenue.....	65 feet—8" tile
Gay Street.....	50 feet—8" tile
Green Knolls Lane.....	655 feet—8" tile
Sharon Drive.....	1290 feet—8" tile
Victor Place.....	
Mountain View Lane.....	340 feet—8" tile

A great many catch basins and manholes were repaired and rebuilt and 63 new house connections were made.

One 3" pump was purchased.

This department has charge of the care and maintenance of the city dump, which was taken care of in the usual efficient way. Also, the residential streets were cleaned periodically and the business section was swept and cleaned regularly.

High grass on the roadsides was mowed and the brooks within the city limits were cleaned. The election booths and ballot boxes used at the various polling places were set up and removed by this department.

Permanent Road Bond

The following streets were excavated, widened, graveled and double tack coated:

Dana Avenue—from South Main Street to Coolidge Avenue

Stratton Road—from 1,200 feet north of Curtis Avenue to 300 feet south of Curtis Avenue

Watkins Avenue—from West Street to State Street

Used on the above work were 8,702 gallons of asphalt; 393 tons of pea stone; 92 tons of grits and 731 yards of gravel.

Water Department

During 1964-1965 the following water mains were installed:

Barker's Meadow.....	158 feet—12" C.I. Pipe
Billings Avenue.....	240 feet—6" C.I. Pipe
Ronaldo Court.....	266½ feet—8" Transite Pipe
Rosemary Avenue.....	364 feet—6" C.I. Pipe
Rutland Avenue.....	87 feet—8" Transite Pipe
	16 feet—8" C.I. Pipe
Sharon Drive.....	967 feet—8" Transite Pipe
	12 feet—8" C.I. Pipe

We also replaced a 2" main on the Creek Road with 1,600 feet of 8" transite.

We installed 59 new house connections; 44 meters; 1 hydrant and we also had 37 relays and 50 repairs.

Equipment purchased included a new chlorinator and a new pickup truck.

Reforestation

This program continued under the direction of the State Forestry Department.

The following is a report on what was done during the 1964 fiscal year:

A total of 141 MBF and 663 cords of pulp wood was cut on 190 acres of the Rutland City Municipal Forest. In addition, 8 acres of timber stand improvement and 1 acre of tree planting was completed under the Agricultural Conservation Program.

A total of 125 MBF and 690 cords have been marked on 225 acres in anticipation of cutting operations for the next year.

Newly Purchased Snow Removal Machine In Action.

Winter Maintenance

Roads and sidewalks were plowed and sand and salt applied to them. Nine hundred seventy-five tons of sand and 923 tons of salt were used. We also purchased two Gledhill snow plows.

Engineering Department

This department has charge of maps and records in the City Engineer's office and any revision of same. This department was very busy laying out sewer lines, water lines, street lines, grades and surveys of City lands in Rutland and Mendon, Vermont.

At this time I wish to thank ex-Mayor John J. Daley, Mayor Harold J. Nichols, the Honorable Board of Aldermen and city officials for their kind cooperation and helpful suggestions during the year.

I also wish to thank the members of the Public Works and Water Departments for their loyal and cheerful devotion to duty.

Respectfully submitted,

HERBERT L. ERICKSON,
Acting Commissioner of Public Works.

Fire Protection

August 12, 1965

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1965.

The past year was the busiest year ever experienced by the Fire Department, responding to 556 alarms as follows: Telephone 434, street box 94, automatic thermostat 8, verbal 17, and radio 3. The Fire Department also responded to 116 Special Service calls of various nature. Members of the Department also worked several hours on traffic lights.

There were 101 malicious false alarms during the year. While every effort has been made to apprehend the guilty persons, we have been unsuccessful in doing so.

There were 13 General Alarm fires during the year. On Sunday, December 6, 1964 a fire at the Berwick Hotel threatened the down town area for a while. The Pittsford, Proctor and West Rutland Fire Departments were called on for assistance. The Pittsford Department was assigned to cover the Fire Station and were called to a fire at 51 East Center Street which they handled very efficiently, using their own apparatus.

On January 2, 1965 at a general alarm fire at 95 State Street, Delbert Hanson, aged 9 months, lost his life by smoke inhalation. His sister Diana, aged 3, was found unconscious under a crib by Fireman David Seward, who carried her down a ladder. Diana was given oxygen and taken to the Hospital. The children's mother and three occupants in another apartment were led down a back stairway by Policemen and Firemen. During this fire another alarm was received for a fire on the Campbell Road. Two pieces of apparatus were dispatched there by Radio.

Fireman David Seward received second and third degree burns on his face and left arm while assisting the Proctor Fire Department and was hospitalized for two weeks in the Proctor Hospital.

The following summary of the value of property endangered by fire, the amount of insurance carried and the amount of insurance paid, in so far as could be ascertained. There are some losses that I could not get the final report of the loss paid.

	Value	Insurance Carried	Insurance Paid
Buildings.....	\$793,717.00	\$623,062.00	\$41,539.04
Contents.....	286,180.00	255,600.00	12,800.90
Totals.....	\$1,079,897.00	\$878,662.00	\$54,339.94

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains, two Lieutenants and twenty-two regular firemen. Also nine Call Men who respond to whistle calls only.

Apparatus

The Apparatus consists of:

- 1 1946 Buffalo 750 G.P.M. Triple combination truck
- 1 1948 Ford 500 G.P.M. Triple combination truck
- 1 1957 Maxim 85 foot hydraulic operated aerial ladder truck
- 1 1963 Maxim 1,000 G.P.M. Triple combination truck
- 1 1963 Maxim 750 G.P.M. Quadruple combination truck
- 1 1943 Jeep roadster
- 1 1961 Jeep 3/4 ton pick-up truck
- 1 1964 Rambler sedan
- 1 16 foot row boat and trailer
- 1 15 KW power unit

Engine 2, which was put in service June 22, 1946, is in need of considerable body work and painting. As this apparatus will be 20 years old in 1966, I would recommend that it be replaced during 1966 rather than spend the amount required to make necessary repairs.

I wish to call to your attention the urgent need of a new Central Fire Station, in a different location. The present Central Station is overcrowded. The traffic hazard condition is serious now and will be much worse when the new shopping center gets in operation. The need of a new station should be given serious consideration by the New Planning Board, as it is a must in the very near future.

There were 299 wiring permits issued during the year. There were 62 new buildings erected during the year as follows: 49 new homes, 2 new barns, 7 trailers, 1 donut shop, 1 dairy queen, 1 body shop and 1 car wash.

I wish to thank all of the members of the Fire Department, His Honor the Mayor, and all other City Departments for their assistance and cooperation during the year.

Respectfully submitted,

ALFRED H. KOLTONSKI,
Chief of Fire Department.

Police Protection

July 30, 1965

To the Honorable City Council:

I hereby submit the annual report of the activities of the Rutland Police Department for the fiscal year of July 1st, 1964 to June 30, 1965.

The Department investigated 2,886 complaints filed by citizens and 411 arrests for various offenses were made during this period. This is 134 more arrests than last year.

There were 509 motor vehicle accidents investigated, an increase of 3 more than the previous year. The estimated property damages as a result of these accidents amounted to \$134,825.00 which is an increase of \$16,080.00 more than the 1963-1964 fiscal year. There was also an increase of 33 more vehicles involved in accidents. There were 27 fewer people injured during this period but one fatality resulted.

The police cars answered 4,095 calls for emergencies, escorts, etc.

A total of \$52,781.98 was collected from the parking meters which is \$108.56 less than the previous year.

The Traffic Court collected \$8,930.00 in One Dollar Fines for violations of our parking ordinance. This amount is \$1,036.00 less than during the 1963-1964 fiscal year.

The night patrolmen found 279 doors and windows of business places throughout the city open or unlocked.

The accident and arrest tables and the financial report follow:

Respectfully submitted,

JOHN L. DINN,
Chief of Police.

Health Officer

August 10, 1965

To the Honorable City Council:

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith, his annual report for the fiscal year beginning July 1, 1964 and ending June 30, 1965.

The Health Department is composed of a three-man Board of Health and a Health Officer.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Four hundred twenty-two contagious diseases were reported and quarantined during this period.

Six dog bites were reported and investigated.

The annual free inoculations to immunize children against Diphtheria-Tetanus were done in February and March 1965. A total of 584 children received this protection. Drs. Ryan, Smith and Beale, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, School Nurses, carried out this program.

In April, Smallpox vaccinations were given to children of kindergarten, first and second grade age. 623 children received either primary or re-vaccinations. The clinics were set up by the school nurses in their usual efficient manner. The same doctors as above did the vaccinations.

During the first week of December 1964 a polio clinic was held to administer Type 2 oral Sabin Vaccine. About 5,000 people took advantage of this clinic. With the two clinics in April and June of 1964 those participating received all three types of oral Sabin Vaccine. This was offered to children and adults to age thirty.

I wish to take this opportunity to thank, for myself and the citizens of Rutland, the Vermont State Health Department nurses, Miss Agnes McElroy, Miss Claire LeFrancois, Miss Nancy Blondo and Mrs. Veronica Williams; the Rutland School nurses, Mrs. Elizabeth McCormack, Miss Mary M. Burke and Mrs. Corinne Plumer and all those that helped make these clinics so successful.

In our opinion these are worthwhile projects. This department urges all parents who have not had their children immunized by their own physician to take advantage of these opportunities of having it done.

A total of 353 samples of water from the City's taps were sent to the Vermont State Department of Health in Burlington for analysis. Ten (10) samples showed evidence of contamination. This department wishes to again thank the water department for their excellent control work on the Water Shed and at the reservoir, especially Mr. Harry and Rolla Jasmin.

Samples of water were also sent to Burlington from the swimming pool during its operation. At no time was it found necessary to close the pool due to contamination.

Well over 100 nuisance complaints were investigated by the department. Twelve plumbing inspections were made.

In closing I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, the State Board of Health, the School Nurses, and the physicians and parents of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.,
Health Officer.

Board of Health:

GORDON B. SMITH, M.D.
HARRY RYAN, JR., M.D.
ROBERT W. BEAUCHAMP, PHG.

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1965

This is a report to the people of Rutland describing the health services which they have received during 1965 (July 1964-June 1965). These services have been planned carefully so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in town, we make every attempt to provide it. The understanding of how your health department serves your town is valuable information for you to have. Any time which you spend studying this report will be most well spent.

I invite you to discuss this report with your friends and health officer, and I would welcome any impressions which you care to forward to me.

The list of services to the City of Rutland is as follows:

Attendance at well child clinics.....	33
Nutrition, dietary consultations to institutions, groups, individuals.....	3
Pediatric consultations for child health problems.....	7
Number of children given diagnostic service at hospitals.....	92
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems.....	13
Number of children financially aided with hospitalization.....	11
Number of children served by mental retardation clinics.....	134
People X-rayed for tuberculosis detection.....	1
Diphtheria, Tetanus, Whooping-cough immunizations.....	4,676
Polio immunizations (Salk injection or Sabin oral) at clinics.....	368
Number of water samples tested (private and public supplies).....	1,356
Food and dairy products tested.....	497
Blood specimens (pre-marital, pre-natal and other).....	599
Other laboratory specimens.....	90
Sanitary inspections, consultations (food and lodging, camps).....	219
Water, sewage, disposal, public building and other inspections.....	26
People X-rayed for occupational diseases.....	404
Hospital and nursing home inspections and consultations.....	195
Dental health education, number of children served in schools.....	
Public Health Nurse home visits.....	
Number served by Public Health Nurse visits.....	

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

Milk Inspector

August 10, 1965

To the Honorable City Council:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1964 and ending June 30, 1965.

Two hundred ninety-four dollars (\$294.00) was collected in license fees as of June 30, 1965 and the money turned over to the City Treasurer whose receipts I hold for that amount.

This represents 42 restaurants, cafes and pharmacies; 43 groceries; 2 bakeries; 5 milk peddlers; 5 creameries. A total of 97 licenses. 87 at \$2.00—5 at \$5.00—1 at \$25.00—4 at \$10.00. Rutland Fair \$30.00. Total \$294.00.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen, were accepted and published in the Rutland Herald.

I wish to thank the producers, plant operators and owners, also the State Inspector, Mr. Donald George, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.,

Milk Inspector.

Meat Inspector

July 18, 1965

To the Honorable City Council, Rutland, Vermont:

Gentlemen:

The past year, I have found no violations to the City Meat Ordinance in my periodic inspections. They have cooperated in keeping within bounds of the City law in cleanliness and buying.

I have inspected 137 head of cattle and 8 calves.

Fees amounting to \$141.00 have been collected and given to the City Treasurer.

Respectfully submitted,

H. HUGH QUIMBY, D.V.M.,

Meat Inspector.

Director of Welfare

See Page 95 for Financial Summaries

August 12, 1965

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

The Welfare costs for the City of Rutland continue to rise. This upward spiral is nationwide and there seems no basis for hope of a reversal of the trend. Every category of assistance shows this increase. General aid has risen by around \$4,000. Cost of State programs has risen although not as much as in previous years. The most significant increase has been in Physician's charges to the City which have risen from \$16,264 last year to \$21,643 in 1964-65, an increase of about 33%. The per diem rate at the Rutland Hospital has been raised approximately 10% which also accounts for increased expenditures.

The Surplus Commodity Program, under which Federal surplus food is distributed, was widely used during the past year. The food is available to families and individuals whose low income entitles them to participate in the program. Approximately 160 families in Rutland receive surplus foods monthly.

The Rutland City Farm continues to care for transients and others in need of aid. It was necessary to take in several families again this year, not because they were indigent but simply because they could not find a place to live. Many more are living in dwellings which do not meet the most minimal requirements for decent living. The City of Rutland has a desperate need for low cost housing.

Contrary to the belief held by many people, the Welfare Department is not the refuge of those who are unwilling to help themselves. The majority of those receiving aid are either unable to work or are working but are not earning a living wage. There are a substantial number of wage earners in this city who are working full time but are not earning enough to support a family even at a mere subsistence level. Their wages are being subsidized with tax dollars through the Welfare Department.

My sincere appreciation goes to my office staff, Miss Catherine Walsh and Mrs. John Halpin for their able assistance and to Mr. and Mrs. Richard Decker, Superintendents at the City Farm.

I also wish to thank Mayor Nichols and the Board of Aldermen for their unfailing cooperation and help.

Respectfully submitted,

MRS. MARTHA DePOY,
Director of Welfare.

Building Inspector

August 18, 1965

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I submit the following permits approved from July 1, 1964 to June 30, 1965:

	Units	Amount
New Houses.....	45	\$649,000.00
Business Blocks—New Fronts and Alterations.....	7	403,850.00
Apartment House.....	1	30,000.00
House Additions and Alterations.....	18	25,400.00
Garages.....	15	20,429.00
Car Wash.....	1	10,000.00
Mobile Homes.....	2	9,700.00
Elevator Shaft.....	1	6,200.00
Mobile Home Court.....	1	5,280.18
Porches.....	4	3,850.00
Carports.....	5	1,250.00
Storage Sheds.....	3	1,050.00
Playhouses.....	2	175.00
Demolish Structures.....	5
Demolish Railroad Yard Buildings.....
		<hr/> \$1,166,184.18

Respectfully submitted,

ROY ROTELLA,
Building Inspector.

City Attorney

July 31, 1965

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

The following is the annual report for the office of City Attorney for the period from April 15, 1965 to June 30, 1965.

The major items requiring the attention of the City Attorney during this period were the following:

Opinions:

Opinions have been rendered to the various departments upon request, covering the following areas: Taxation of Railroad Property, Bonding Procedures, Municipal Elections, Bidding Procedures, Zoning Problems, Insurance for Municipal Buildings and Activities, Building Construction Laws and Accounting Procedures, Federal Housing and Urban Renewal.

In addition, miscellaneous opinions have been rendered to the Mayor and Board of Aldermen in response to requests submitted to me.

Claims and Suits:

Several claims have been made against the City during this period. These were investigated and appropriate action taken by this office. There is presently pending before the Rutland County Court litigation in connection with the operation and maintenance of Mobile Home Parks, Collection of Poll Taxes and an Appeal from the Board of Zoning Adjustment.

Considerable progress has been made in our work with the Equity Publishing Company regarding the consolidation and updating of our Ordinances. We expect to have a draft copy completed and in our hands from the printer within the next several months.

I wish to extend my thanks to the Mayor, the members of the Board of Aldermen and all of the department heads and other employees of the City of Rutland who have assisted me in my first few months as City Attorney. Your cooperation and assistance has been invaluable.

Respectfully submitted,
ARTHUR E. CROWLEY, JR.,
City Attorney.

City Grand Juror

July 1, 1965

To the Honorable City Council and
Citizens of Rutland, Vermont:

During the fiscal year beginning July 1, 1964, my predecessor, J. Fred Carbine, Jr., served as your Grand Juror until my election in March of 1965.

During the past year we discharged the principal duty of the office of prosecuting misdemeanors occurring in the City of Rutland by prosecuting the motor vehicle and other criminal offenses set forth in the Rutland Police Department report. In addition, we discussed many problems with city residents which did not necessarily result in prosecution of individuals.

As you are aware, I also serve as your State's Attorney for Rutland County. The experience of my months in office confirms my belief that one individual should have the overall responsibility for prosecution of criminal offenses in Rutland County. The citizens of Rutland receive better service in such a situation because there is never any question as to the official whom the police must consult with regard to any particular offense, there is no duplication of effort resulting from prosecution by both officials as in the past, and the consolidation of the offices has given the citizens of Rutland a full-time Grand Juror, as opposed to part-time ones having to devote the majority of their time to a private legal practice in order to make a living.

There is also little question that the remuneration the Grand Juror receives is not commensurate with the responsibility of the office and time devoted to the office, and I will renew my request for adequate compensation in my next budget request.

Sincerely,

ROBERT EDWARD WEST,

City Grand Juror.

City Clerk

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during year 1964 was as follows:

Total numbers of births registered in 1964	799
Total number of deaths registered in 1964	409
Total number of marriages registered in 1964	148

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

A total of \$18,836.50 was collected in fees and licenses and turned over to the City Treasurer. (See City Treasurer's financial report.)

Under Act of 186 of the Vermont Statutes, we continue to furnish discharged service men any records or copies thereof in connection with their service claims for themselves or dependents, without charge.

In addition to the numerous duties assigned to Town and City Clerks under the Laws of the State of Vermont, this office serves as Clerk of the Board of Aldermen and as Purchasing Agent for all City Departments, and Clerk of the Board of Assessors.

I would like to express my appreciation for the loyalty and faithfulness shown by the employees of this office in the performance of their duties and to also express my thanks to His Honor the Mayor, members of the Board of Aldermen and all City Officials and employees for the cooperation received.

HENRY P. BATTLES,
City Clerk and Purchasing Agent.

Constable and Tax Collector

August 15, 1965

To the Honorable City Council:

Gentlemen:

I hereby submit the following report of my activities as City Constable and Tax Collector for the fiscal year 1964-1965.

Delinquent poll taxes, real estate and personal taxes collected amount to \$61,836.71. Delinquent water rents and sewage disposal bills in the amount of \$12,370.29 were also collected, making a total of \$74,207.00.

Many of the delinquent poll and old age assistance taxpayers do not seem to realize that all delinquent back poll taxes have to be paid for self and wife to obtain an operator's license to drive a car or truck, in accordance with the state law and subject to a fine when making application for a driver's license.

Able assistance and guidance on legal problems was extended to me during the year by the City Attorney.

To the Honorable Mayor, all members of the Board of Aldermen and City Officials, I wish to express my sincere appreciation for their cooperation and assistance at all times.

Respectfully submitted,

REIDE B. PAYNE,
Constable and Tax Collector.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This twenty-eighth in the series of annual reports submitted to the people of Rutland City presents tabulations for the fiscal year, July, 1964 to June 30, 1965. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home Care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during this period for each of these types of care were as follows:

Nursing Home Care.....	\$12,475.64
Hospitalization Services.....	17,760.38
Physician Services.....	3,163.95

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$9,391.17 and for the latter \$16,532.71 for the year just closed.

During 1964 assistance was granted to 371 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid to the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

NORMAN S. D'ARTHENAY, *Attorney.*

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

Once again, it is a pleasure for me to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were \$54,154.58; total receipts were \$8,648.27.

ACTIVITIES

Spring and Summer

The Rutland Recreation and Parks Department opened three (3) playgrounds this year—Rotary Field, White and Meadow Street. The attendance of the playgrounds was equal to that of last year, when the Department operated six (6) playgrounds. The City children again took part in such activities as Nature Hikes, Volleyball, Kickball, etc. Some of the highlights included "Bike Day," "City Wide Indian Day," and a "Costume Parade." The climax of the season was the Annual Playground Olympic Day which took place at the Rutland High School Field. Over 400 boys and girls took part.

Winner of the Junior League baseball program was the Red Sox. Approximately 64 boys composed the four teams and took part in the eight week season of the league.

Our two Adult Softball Leagues were in operation again this season. The Recreation League composed of men 30 years and older held their games at Meadow Street Field. The City League, those under 30 years played their games at White Field. Top team in the Recreation League was the Italian American Club and in the City League the Carousel Grill. Again this year the All Star game was won by the City League.

This year's Mitey Mite Baseball Program was a huge success. The Colts won again this year in the northern division. In the southern it was the Red Sox. Taking the League title for the "64" season was the Red Sox in their World Series Game, a 4-3 decision. Approximately 300 boys took part in this program.

This year's Tennis Tournament was held at White Playground. Gene Poplawski won the Recreation Men's Tennis Singles Crown. Again Gene Poplawski with the supporting help of Ray Cunningham won Men's Double Tennis Championships.

The Summer Basketball League, playing its games in the evening at White playground, was won by the "Mounties." Approximately 110 boys took part in this program. Climax of the season was an All Star game held in Burlington in which the Rutland All Stars won 89-84.

A new added attraction this year was the Junior League Basketball Program held at White Playground in the mornings for boys in grades 5, 6, 7 and 8.

Our Little League Program had 12 teams participating with a little over 220 boys taking an active part in the program. The Northern League played at White and again this year was won by B'Nai Brith. A three-game World Series was held in which B'Nai Brith came out on top.

Another new program was spirited by the Department—"The Daisy Mae Softball League"—which was formed for high school girls. This League was composed of 10 teams and approximately 275 girls. Games were held afternoons at Meadow Street Field.

The Swimming Pool opened up June 6 and closed on August 31, 1964. 10,000 swimmers took advantage of the swimming lessons offered by the Department, and another 43,000 took part in Recreational Swimming. The Annual Achievement Day was held July 22, in which parents observed the development of their children's skills. New and added activities to the Swimming Pool Program include the "Business Men's and Women's Swim," "Scuba Diving Class" and the "Teen Splash Parties," which was termed a large success. Our Swim Team entered the Twin State Swim League for the first time this year and raced Proctor Team twice. Some 35 swimmers made up the team. City Championships were held August 26 in which 175 swimmers participated. Highlight of the season was the Water Carnival—"Around the World"—held at the Swimming Pool and at Brandon State School.

Another addition to our Program was "Summer Theatre" for any teenagers interested in acting. The group presented two one-act plays as a climax of the season—"Minor Miracle" by Verne Powers and "Rise and Shine" by Elda Cadogan. Rehearsals were held at the Recreation Center twice a week.

A Summer Band for high school youngsters was also formed, under the direction of Ray H. Brown, formerly a band leader in the Army and conductor of the St. Michael's College ROTC Band. However, small interest was shown.

The Department once again provided the "Picnic Loan Service" which was taken advantage of by Civil and Paternal groups, as well as several individuals.

The weekly Wednesday night record hops were held at the Depot Parking lot, dancing under the stars, and Saturday evening dances were held at the Center in addition to the program. Several thousand participated in the program.

Fall and Winter

Flag Football, composed of 5th and 6th grade boys throughout the City opened up the Fall and Winter Programs. Games

were held at White Field. Christ the King won the Double Elimination Tourney over Immaculate Heart of Mary.

A newly inducted activity "Adult Flag Football" was added to the schedule. This proved to be a popular sport. Games were held at White Field. The Championship was captured by West Rutland as they trimmed Rev's Raiders, 18-12.

The Annual Halloween Window Painting contest was held for boys and girls from grades 7 thru high school. We thank the Rutland Merchants for their cooperation with the Department on the event. Again this year the Halloween Parade was in full swing. This annual event was termed "Bigger and Better than ever before." Bat Man and Bat Woman flew in for the occasion along with Robin the Boy Wonder, Frankenstein's Monster, and the Frog Prince, climaxing a gruesome scene. Approximately 1,000 people participated in this event which continues to be one of the most looked forward to of the season.

The Recreation Department is also responsible for the Senior Citizens Program, which includes many parties, picnics, and special dinners.

The Elementary School Basketball League for the 5th, 6th, 7th, and 8th grades were held on Saturday morning. Approximately 110 boys participated in this and the program for junior and high school boys in the afternoon. The Teen Center and Game Room opened everyday after school and all day Saturday.

The Department once again conducted its Annual Christmas Toy Project. These toys and games were packed and distributed to approximately 175 children and 75 families in need. Over 1,000 Santa Claus letters were mailed out to children in the City.

The Department operated 3 City Skating Rinks which were open 7 days and 7 nights. The Rinks were:

Rotary
White's
Meadow

The Square Dance Program again proved to be a very popular activity. Dances were held at Southeast School in which a series of 15 lessons were given under the direction of Neil Barden, caller and instructor at "Barden's Barn" in Lebanon, New Hampshire. Prominent callers from all over New England were selected to make appearances at these dances. Interest was very high.

Dog Obedience Classes were held Wednesday evenings at Rotary. Classes being conducted for beginners as well as advanced dogs.

With the Recreation Center the expansion of programs continued during the winter months which included Bridge Lessons, Art Classes, Flower Arrangement Classes, Chess Class and Chess Tournaments, Volleyball League, Girls' Physical Fitness, and a

Knitting Class. New Programs included a Rug Braiding Class, Coin Club and this Fall, the Marble Valley Duplicate Bridge Club became affiliated with this Department.

Golf Lessons were conducted every afternoon and evening. Classes were held in 5 week sessions each class full to capacity.

Adult Basketball is in its fifth year, games were played at the Recreation Center. Rutland Restaurant won the League and Mt. Holly won the Round Robin Tournament. The League consisted of 12 teams. Interest continues to grow in this activity.

Our Christmas Holiday schedule was in process again for children of all ages and those vacationing students home from college. The program included:

- Basketball Tournament
- Ping Pong Tournament
- Pool Tournament
- Foul and Set Shooting Contest
- Special Teen Dance

The Christmas Basketball Tournament was won by the "Hatchetmen," 86-57 over "The Green Mountain Boys."

The Game and Health Room was open every day. Supervised activities, such as Ping Pong and Pool were conducted.

The Mid-Vermont Artists held their Winter Art Show here at the Recreation Center.

A new Program, "Talent-Round-Up," sponsored by the Department and held in the Gym of the Recreation Center on the night of April 23, was termed a huge success by all, and will become an annual event of the Department. Out of approximately 75 people who auditioned for the show, 18 acts were selected. The acts varied from Folk Singers to a Lighted Baton Routine. Mr. Robert Laird was the M.C. and Director of the show. Over 600 people attended the show. Winners were:

- 1st. Miss Margaret Elwert, vocalist.
- 2nd. A tie between "The Huntsmen," John Duval and George Sargeant, a Folk Singing Duo, and Louis Wierzbicki, accordionist.
- 3rd. Miss Monica Socinski, vocalist.

Golf Movies were held throughout the winter months each Wednesday night, 7:30 P.M. at the Recreation Center. Much interest was shown in this program by the public. Featured were international matches.

The newly formed "Rutland Family Campers" Program, sponsored by the Department, now has over 100 families and is growing every day. Climax of the R.F.C.A. was a Safari held at the D.A.R. State Park on Lake Champlain the weekend of May 21, 22, and 23.

The Department again operated a Ski Tow at the Rutland Country Club. The Tow is very successful and is used by hundreds of adults and youngsters. The Woman's Thursday Ski Program continues to attract many housewives to the slopes. Adult lessons were given this year on Thursday afternoons with much success. Also very popular are the children's Ski Lessons which were held on Saturday mornings in cooperation with the Killington Ski Club.

The Recreation Center continues to attract and become a focal point for many young people as well as adults on an informal basis to play Basketball, Handball, Volleyball, etc.

A new Program started this winter, the Business Men's Program, from noon to 2:00 P.M. The men gathered to work out and play Paddleball, Volleyball, Basketball, etc. This Program also was conducted two evenings every week between the hours of 4:30-6:00 P.M.

Our Park Program continues to grow. This year 26 new benches were added to the Park along Route #7, making a total of 53 new benches for the Park in two years. The Band Stand was painted, trees cut and sprayed, and other improvements this year included the painting of the Gym, refinishing the Gym floor, painting of two more additional rooms at the Center and the offices and last of all new eave troughs were added to the Center Building.

SUMMARY

Physical needs of the Recreation Department still include:

- New and Larger Swimming Pool
- Additional Tennis Courts
- New Truck

The Superintendent would like to express his appreciation to the Mayor and the members of the Board of Aldermen as well as the Citizens of the City of Rutland for their continued cooperation and encouragement. I would like again to thank publicly the members of my small staff, the Garden Club for their continued planting program at the Center, and the addition of a slate walk. Also, Robert Laird for his help in the Talent Show, which we are happy to say was a success, the Killington Ski Club and Bob Franzoni for our Ski Programs.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent,*
Recreation and Parks Department.

Airport Commission

To the Honorable City Council
of the City of Rutland, Vermont:

While the net cost of the City's ownership and operation of the Airport was about 31.6% under the year before, the Airport's usefulness to the City was significantly greater.

The net cost to the City for the fiscal year ended June 30, 1965, was \$13,833.57, compared with the net cost of \$20,232.95 for the prior fiscal year, a reduction of about 31.6%.

Following is a summary of comparative receipts and expenditures for the two years:

	Fiscal year ended June 30		
	1965	1964	1965 over (under) 1964
Receipts			
City's Appropriation	\$16,000.00	\$24,500.00	(\$8,500.00)
Less: unexpended balance of appropriation returned to General Fund	2,166.43	4,267.05	(2,100.62)
Net Cost to City	\$13,833.57	\$20,232.95	(\$6,399.38)
Receipts from landing fees, rentals, etc.	7,324.91	4,734.23	2,590.68
Totals	\$21,158.48	\$24,967.18	(\$3,808.70)
Expenditures			
Operation and Maintenance	\$13,990.04	\$17,842.18	(\$3,852.14)
Bond and other capital expense	7,168.44	7,125.00	43.44
Totals	\$21,158.48	\$24,967.18	(\$3,808.70)

(Last year the large hangar was painted and the office and airline station building was painted and redecorated both inside and outside.)

The volume of business handled at the Airport during this past fiscal year has increased greatly.

This is particularly true with respect to privately owned business, executive and pleasure aircraft using our airport, as is evidenced by the figures given below.

This is good business for Rutland. It is also sound evidence of the great value to the City and the region around it of the existence and good maintenance of this important transportation facility.

While the use of the service provided by Mohawk Airlines has increased this past year, particularly in the volume of air freight, air express and air mail handled, the number of passengers accommodated should be much larger. We are convinced that a second daily scheduled round-trip flight to New York, with both flights more conveniently scheduled, would result in much more passenger business for Mohawk Airlines and better results for the travelling public of the Rutland region.

To stimulate further growth of the private and business aircraft segment of our Airport activity, additional hangar facilities are necessary both for transient and Rutland based airplanes; also, better service and repair shop facilities than now exist must be provided. These things can be done. We can afford to do them. We cannot afford not to do them.

Following is the record of use of the scheduled airline facilities for the past five years:

	Fiscal Years Ended June 30				
	1965	1964	1963	1962	1961
Passengers					
Enplaned.....	1,525	1,128	993	1,052	1,025
Deplaned.....	1,269	843	872	1,059	1,039
Air Mail (lbs.)					
Dispatched.....	2,714	2,843	2,309	1,286	507
Received.....	3,724	1,572	2,096	(not available)	
Air Express (lbs.)					
Dispatched.....	1,513	1,553	1,371	2,268	4,053
Received.....	12,538	5,758	9,661	(not available)	
Air Freight (lbs.)					
Dispatched.....	11,907	6,632	6,109	8,694	6,148
Received.....	30,871	19,993	15,561	(not available)	
Landings					
Scheduled.....	614	615	606	657	691
Missed.....	92	131	120	177	148
% Missed.....	15.0	21.3	19.8	26.9	21.4

Private business and pleasure aircraft activity at the airport is indicated by the following statistical record (local hops not included):

	Fiscal Years ended June 30		
	1965	1964	1963
Number of aircraft.....	4,526	2,989	2,154
Passengers—in.....	5,335	3,730	2,739
Passengers—out.....	4,846	3,415	2,149

Following is the financial report of airport operations for the fiscal year ended June 30, 1965:

Appropriation and Receipts

City's Appropriation for Year.....	\$16,000.00
Mohawk Airlines.....	2,520.00
Other Hangar Rentals and Landing Fees.....	1,406.00
State of Vermont Appropriation.....	2,760.00
Other.....	638.91
Total Appropriations and Receipts.....	\$23,324.91

Expenditures

Maintenance.....	\$979.98
Snow Removal.....	1,234.42
Fuel, Electricity and Telephone.....	3,693.30
Property Taxes—Town of Clarendon.....	1,383.12
Insurance.....	1,193.97
Other Operating Expenses.....	5,505.25

Non-Operating Expenditures:

Bond Retirement.....	\$5,000.00
Bond Interest.....	1,955.00

	7,168.44
Total Expenditures.....	\$21,158.48
Unexpended Balance returned to General Fund	\$2,166.43

Respectfully submitted,

AIRPORT COMMISSION,

DONALD C. NOYES, *Chairman*

PETER VAL PREDA

ALBERT A. CREE

Civil Defense

*To the Honorable City Council,
Rutland, Vermont*

This report is dedicated to the late Butler L. Ward who for many years was active in the Civil Defense organization, and for the past seven years served the City of Rutland as Director of Civil Defense.

Upon my appointment as Civil Defense Director I found a very well organized operation. The office was run very efficiently; reports and records in excellent order.

The 23 licensed Public Fallout Shelters have been inspected and 20 of them have been stocked with food, water, sanitation kits, medical supplies and RADEF instruments. The Emergency Headquarters, located at the Rutland Library is in very capable hands, and the long list of chairmen and their voluntary staff was very inspiring.

These operations could not have been accomplished without many volunteer chairmen and assistants. Mr. Ward must have been a good organizer.

I sincerely hope I may have the same cooperation of these loyal citizens as did my predecessor.

Respectfully submitted,

W. HOWARD SHERMAN, *Director,*
Rutland City Civil Defense Dept.
Appointed August 2, 1965

Pension Board

To the Honorable City Council:

Gentlemen:

The net cost of the City Pension Plan for the fiscal year ending June 30, 1965 was \$37,916.53. The amount of \$11,788.32 was paid to pensioners and \$26,128.21 to the Connecticut General Life Insurance Company.

Since the start of the plan January 1, 1938, eighty-six have been retired of whom thirty-nine are deceased.

As of June 30, 1965 there are one hundred thirty contributing members.

The budget requirements for the fiscal year beginning July 1, 1965 will amount to \$62,000.00.

Effective January 1, 1965, the City of Rutland was pleased to announce substantial improvements in the retirement plan.

These improvements have produced a retirement program which is easier to understand and is more attractive to those who elect to participate in the plan.

Respectfully submitted for the Committee,

FRANCIS L. ROBILLARD,

Chairman.

Assessors' Office

July 19, 1965

To the Honorable City Council:

Gentlemen:

The following report from the Assessors' Office is respectfully submitted.

Your Board of Assessors gratefully accept this opportunity to thank all of the Taxpayers, the Mayor, Aldermen, City Clerk and his staff, and all other departments for their splendid cooperation with this office.

The recent change in the Vermont State Statutes whereby all cities and towns in the State must use the 50% ratio on all real estate is a step forward for all of us. This uniform method for all communities to use the same ratio approach will reflect back to us in a substantial savings in the future. While we may have been paying more taxes to the State in the past, it will now be on an even keel for all towns and cities.

We would like all of the Taxpayers to realize that when they are notified that all local assessments will be raised to a 50% ratio it does not mean that they will have to pay more taxes. The tax rate will have to decrease in proportion to the increase in assessment ratio. Please understand that it is mandatory in all of the State of Vermont to use the 50% ratio. It is the law.

Your Assessors are confident and are conscientiously working to keep the taxes in Rutland as low as possible and yet to make possible to all of the Citizens of Rutland the wonderful necessities our great city has, needs and deserves.

The fiscal year 1966-1967 looks very bright for all of us. In the spring of 1966 the real estate and personal property partial exemption on Tampax ends. Also we hope that the Rutland Shopping Plaza may be in operation. We feel that all properties in Rutland are equalized. There is presently a substantial amount of construction going on. This is a healthy situation.

Again we wish to thank each and everyone in Rutland to have given us the opportunity to serve you.

Respectfully submitted,

JOHN D. PISANELLI, *Chairman*

RAYMOND H. SHAW

ROBERT W. FOX

Board of Assessors.

Board of Zoning Adjustment

August 10, 1965

To the Honorable City Council,
City of Rutland, Vermont

The following is a report of the activities of the Board of Zoning Adjustment for the period from July 1, 1964 to June 30, 1965.

We held on the average of two meetings a month during the year together with the inspection of various trailer sites and mobile home locations, as well as some of the change-overs and conversions of different properties.

We recommend the building of a new modern Mobile Home Park off the easterly site of the Creek Road, which should be very advantageous to the trailer owner.

There have been several requests from home owners to be allowed to open a small business in their home under "Home Occupation" which we have recommended.

We had several extra meetings and spent considerable time with the City Attorney Arthur Crowley on an appeal of the construction of a building at the corner of Woodstock Avenue and Porter Street.

We are very grateful and wish to express our appreciation and thanks for the courtesy and cooperation we received from the Honorable Mayor, the City Attorneys—Henry J. Battles and Arthur Crowley, members of the Board of Aldermen and all other City Officials.

Respectfully submitted,

MARY V. QUIGLEY, *Secretary,*
Board of Zoning Adjustment.

Library Treasurer

June 22, 1965

Honorable Harold J. Nichols
Mayor of Rutland
Rutland, Vermont

Dear Mr. Nichols:

I am happy to enclose to you the financial report of the Rutland Free Library Association, Inc. covering the period from July 1, 1964 to June 30, 1965.

May I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, my sincere appreciation of the cooperation of all of you in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

GEORGE B. FORBES, *Treasurer,*
Rutland Free Library Assn. Inc.

Six month period January 1st to June 30th, 1951.

City Treasurer

August 12, 1965

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I present herewith the 1965 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1965.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$256,000 were retired. Payments of \$12,688.15 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$64,811.75 of which interest amounting to \$23,522.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1965, revenues actually received were \$50,583.80 more than budget estimates, and expenditures were \$87,657.43 less than budgeted appropriations.

The Budgetary system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1965 revenues actually received exceeded budget estimates in the amount of \$76,015.95 and expenditures were \$19,755.12 less than budgeted appropriations. As at June 30, there was an unappropriated surplus in the amount of \$95,780.96.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1965.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1965.

Respectfully submitted,

W. J. SIMONDS,
City Treasurer.
